

## **WebhostingDay 2009**

Mar 18, 2009

**March 18, 2009 - March 20, 2009 in Cologne, Germany**

WebhostingDay has developed to become the leading European business event for the webhosting industry. Each year more than 500 of the top decision makers from the most important european webhosting companies meet in Cologne for an exchange of the latest trends in the industry, to gain new impressions and to forge closer networking contacts.

### **ICSS activities**

Deutsche Telekom ICSS is a Gold Partner of the conference.

Andres Jordan, Head of Innovations North America, Deutsche Telekom ICSS, will talk about "Content Enablement - Future Business Models for Hosting and Content Providers" on Wednesday, 18 March 2009 at 05:45pm.
